

NJP-2500C

Fully Automatic Capsule Filling Machine

Feature

NJP-2500 is designed for hard capsules, soft capsules and granule capsules.

It has a compact structure ensuring an efficient and precise filling process. accomplish high-performance filling tasks.

Technical Specification

Model:	NJP-2500C
Output	72000Grain/hour
Machine weight	1100Kg
Machine Dimensions	870(+339)mm*940(+339)mm*2000mm
Power Supply	380/220V 50Hz
Motor power	5.6KW (Standard)
Filling Error:	±3.5%-±4.5%
